

The screenshot shows the Oracle E-Business Suite Documentation Library. The page is organized into several sections:

- Documentation Library:** A header section with navigation icons.
- DBA Essentials:** A list of documents for Oracle Database Administrators, including Oracle Database 11g, 11g Release 2, and 12.1.3. Documents are listed with their titles and file extensions (HTML, PDF).
- New to Oracle E-Business Suite:** Information for users starting with Oracle E-Business Suite, including Oracle E-Business Suite User's Guide and Oracle E-Business Suite Concepts.
- Supporting Documentation:** Supporting documentation for various topics, including Oracle E-Business Suite Concepts, Oracle E-Business Suite Installation Guide, and Oracle E-Business Suite Upgrade Guide.
- Upgrade Information:** Information for users upgrading from previous Oracle E-Business Suite versions, including Oracle E-Business Suite Upgrade Guide and Oracle E-Business Suite Upgrade Guide.
- License Information:** Information about Oracle E-Business Suite licenses.
- Developer Essentials:** A list of documents for Oracle E-Business Suite developers, including Oracle Applications Framework (OAF) and Oracle E-Business Suite Developer's Guide.
- Tip:** A section providing guidance on how to use the documentation library.
- Mobile Formats Available:** Information about mobile-friendly versions of the documentation.
- Other Resources:** A list of additional resources, including Oracle Technology Network, Getting Started with Oracle Database, Getting Started for Database Administrators, Oracle Database 11g, and Oracle E-Business Suite Tools and Technology Blog.
